CERES 516 Chanel Energy Essence

CERESFILL AMINO CHANEL ACID

CERESFILL AMINO CHANEL ACID

Product Introduction

Product Name

CERES Chanel Amino Acid Energy Essence

Key Ingredients

5 Proteoglycans 11 Amino Acids 5 Repair Proteins

Specification

5 ml × 5 vials / box

Core Technology

Multi-action amino acid skin regeneration formula

Indications

Anti-aging Hydration Brightening Whitening Elasticity

CERESFILL AMINO CHANEL ACID

Key Ingredients

Category	Key Ingredient	Primary Function
Hydration·Structure	Sodium Hyaluronate (1.8)	High-concentration HA for instant water-binding and volume
Structural Support	Atelocollagen	Low-immunogenicity collagen; replenishes structure and stimulates fibroblasts to improve elasticity and texture
Regeneration	Sodium DNA	PDRN-class ingredient: cell regeneration, anti-inflammation, collagen synthesis
ECM Rebuild	Soluble Proteoglycan	Intensive hydration + fibroblast proliferation support + barrier reinforcement
Nutrition	11-AA complex (Asp, Arg, Gly, Ala, Ser, Val, Pro, Thr, Ile, His, Phe)	Building blocks for collagen & elastin; nourish skin and activate metabolism
Anti-aging	Adenosine	Improves wrinkles, elasticity, and skin density
Brightening·Barrier	Niacinamide + Folic Acid	Improves tone, strengthens barrier, supports cell renewal
Others	Hydrolyzed GAGs, β-glucan	Extra hydration, soothing, and anti-inflammatory effects

CERESFILL AMINO CHANEL ACID

Benefits

- Foundational Energy for Skin
- Visibly Improves Dull Skin & Lackluster Tone
- Multi-level Hydration & Water-Lock

CERESFILL AMINO CHANEL ACID

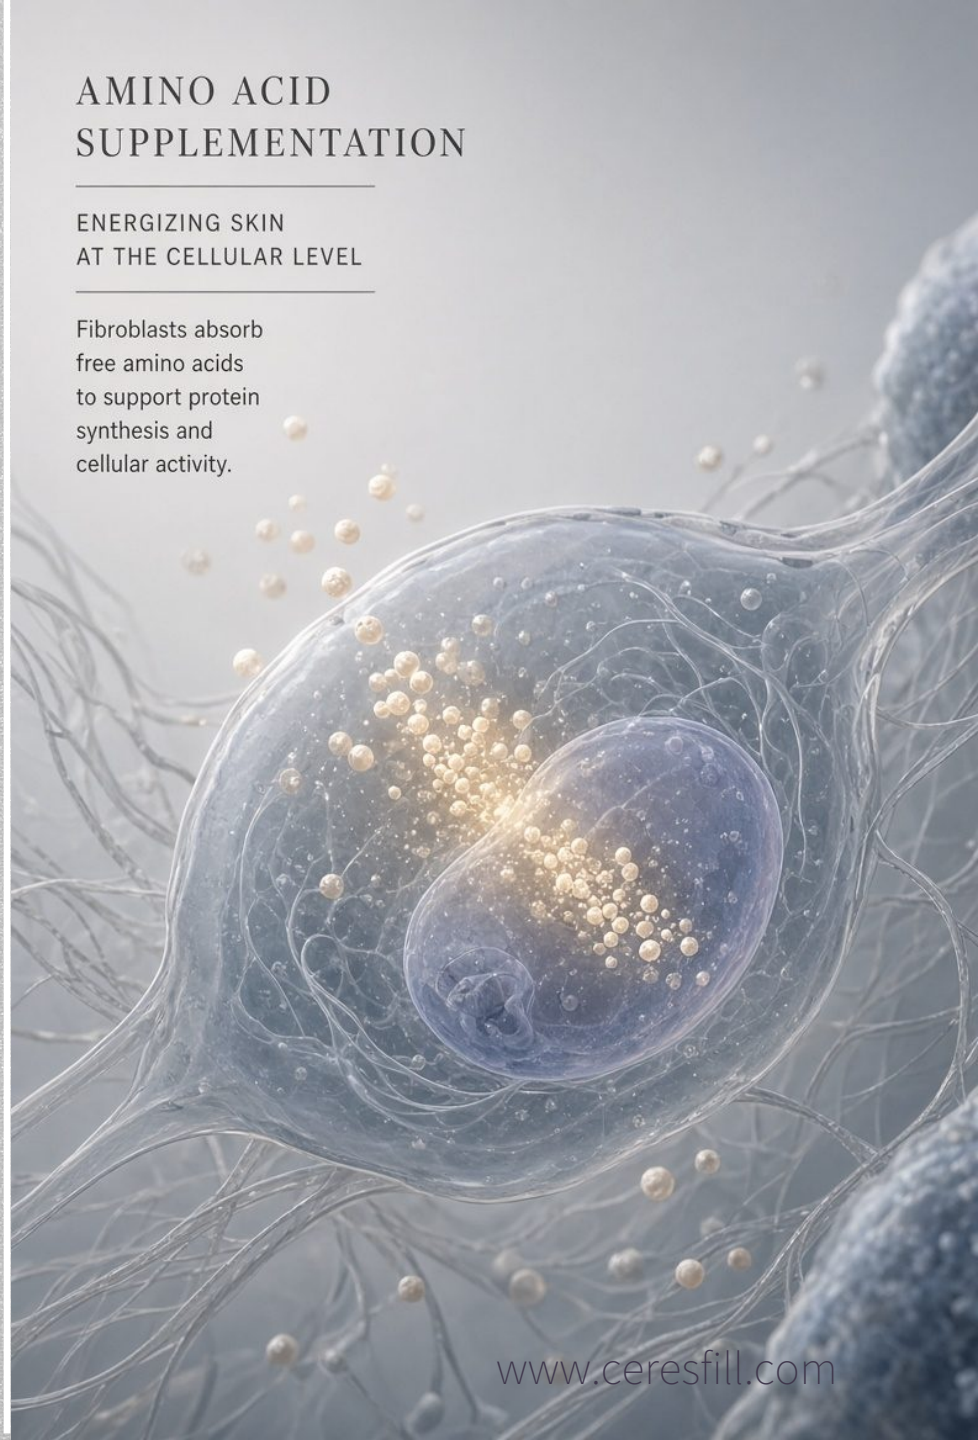

Benefits

Energy Essence Dedicated to Skin

Amino Acid Replenishment

Infuses energy into the skin at the cellular level

Fibroblasts absorb free amino acids to support protein synthesis and cellular activity.

Conclusion

CERES 516 Chanel Energy Essence

Multi-action Amino Acid Energy Essence

Replenishes skin energy· Rebuilds the foundation

1 11-amino-acid complex formula
Directly supplies nutrients and energy to skin cells

2 High-concentration HA + soluble proteoglycan
Deep hydration while reinforcing the skin barrier

3 Atelocollagen + Sodium DNA synergy
Structural support and regenerative repair in parallel
