REJUVENATING SOLUTION MASK

CERESFILL®

Sodium DNA

Post-treatment soothing & hydration mask

Made by a Korean manufacturer of fillers and skin boosters

30 g × 5 sheets

✔ **Medical-grade gauze sheet · 30 g essence**

From soothing to complete skin care, in one sheet

Design your Beauty with CERES

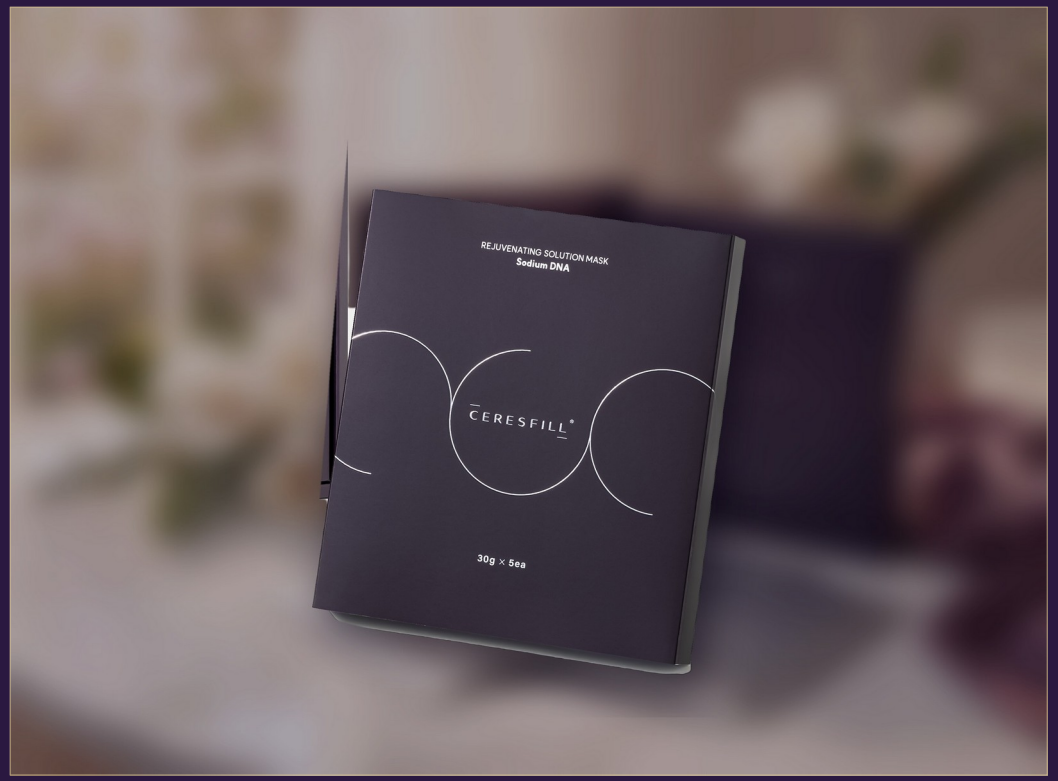
SKIN IRRITATION
TESTED
NON-IRRITANT

Manufactured by CHEUN BIOTECH · Distributed by MY Korea Trade Co., Ltd.

CERESFILL®

From the clinic to everyday care

CERESFILL® comes from CHEUN BIOTECH, a Korean manufacturer of HA fillers, PLLA stimulators and skin boosters. We made this mask for the days after laser, skin booster and MTS treatments, when skin needs calm, moisture and comfort.



Sodium DNA

Plant-derived DNA

Low-molecular DNA from Centella

9 HA types

Multi-layer hydration

From 4 kDa to 2.2 MDa

7 + 5

Soothing complex

7 botanicals and 5 Centella actives

Gauze sheet

Medical-grade gauze

Soft, close-fitting, 30 g essence

Non-irritant · irritation index 0.00 (24 h patch test, 30 subjects)

MEDICAL-GRADE GAUZE SHEET

CERESFILL®

Medical-grade gauze sheet

The sheet is made from medical-grade gauze fabric, the same kind of material trusted in clinical care. It is soft on skin after treatment, holds the full 30 g of essence and fits closely to the face.

Medical-grade gauze

Soft and gentle on skin after treatment

Close fit

Thin and flexible, follows the contours of the face

Rich essence

Holds 30 g of essence in every sheet

Breathable

Woven gauze lets skin breathe during use

POST-TREATMENT CARE

CERESFILL®

Made for skin after treatments

Laser, skin booster and MTS treatments leave skin warm, dry and sensitive for a few days. CERESFILL® Mask cools and hydrates it in that window, then keeps it in good condition between sessions.

Laser · light-based

Laser toning, IPL, RF

Skin booster

HA, PN, exosome boosters

MTS

Microneedling care

Soothing

Calms the look of redness and heat

Hydration

Replenishes moisture in dry, tight skin

Barrier care

Supports skin comfort while it recovers

Daily care

Also suitable for everyday use

Raw material: VDRN™ Centella (Centella Asiatica Extract, Sodium DNA). Specification data from the raw-material supplier.

HERO INGREDIENT

CERESFILL®

Plant-derived Sodium DNA

Our Sodium DNA comes from Centella asiatica, a plant source instead of salmon. Low-molecular DNA fragments condition the skin and leave it looking revived and healthy.

≤ 500 bp
Low-molecular DNA fragments

Vegan
Centella-derived, not salmon

Daily
Gentle for everyday use

CERESFILL®

Hydration in every layer

Nine forms of hyaluronic acid with different molecular sizes work at different levels, from the surface film to deep moisture.

2.2 MDa · 1.2 MDa High molecular	Forms a moisture film on the surface
Hydrolyzed · Acetylated Mid / low molecular	Moisture that lasts through the day
4 kDa · Crosspolymer Ultra-low & cross-linked	Fills skin with water and holds it

Sodium Hyaluronate · Hydrolyzed Sodium Hyaluronate · Hydrolyzed Hyaluronic Acid · Hyaluronic Acid · Potassium Hyaluronate · Sodium Hyaluronate Crosspolymer · Hydroxypropyltrimonium Hyaluronate · Sodium Acetylated Hyaluronate

+86.3% **Glyceryl Glucoside** Skin hydration vs glycerin after 3 weeks (2% cream, human forearm test) *

* Figures are raw-material test data from ingredient suppliers, not tests of this finished product.

SOOTHING COMPLEX

CERESFILL®

Calm for stressed skin

A 7-botanical complex and the four Centella actives calm skin that feels hot, tight or sensitive after treatment.

Centella · Knotweed · Skullcap · Green tea · Chamomile · Rosemary · Licorice

Madecassoside · Asiaticoside · Madecassic Acid · Asiatic Acid

−69.5%

NF-κB

In vitro, 7-botanical complex

−52%

IL-6

In vitro, 7-botanical complex

32.9 → 37.0

Skin moisture

Centella extract, 8 weeks, human (n=14)

With Allantoin, Panthenol and Betaine

* Figures are raw-material test data from ingredient suppliers, not tests of this finished product.

FIRMING & TONE

CERESFILL®

Smooth, firm and even-toned

Acetyl Hexapeptide-8

Peptide

Care for expression lines

Palmitoyl Pentapeptide-4

Peptide

Elastic, firm-looking skin

Oligopeptide-32

Peptide

Protects against daily stress

Niacinamide

Vitamin B3

Brighter, even-looking tone

Adenosine

Nucleoside

Elasticity care

Ceramide NP

Skin lipid

Strengthens the moisture barrier

CERESFILL®

Tested on human skin: non-irritant

0.00

Irritation scale

Non-irritant	Low	Slight	Moderate	Severe
0 – < 0.02	0.02 – < 0.25	0.25 – < 1	1 – < 2.5	≥ 2.5

Korea Dermatology Research Institute (KDRI) · Test No. KDRI-2026-0277 · April 2026 · ICDRG / PCPC criteria

HOW TO USE

CERESFILL®

Three steps, 10–20 minutes

01

Prep

After cleansing, prepare the skin with toner.

02

Apply the sheet

Place it from forehead to nose to cheeks, then lift it along the jawline so it fits the face.

03

Rest & pat

Rest for 10–20 minutes, remove the sheet and pat in the remaining essence.

Recommended routine after treatment

Day 1–2

Use chilled

Keep in the refrigerator. A cool sheet soothes heat and the look of redness.

Day 3–14

1–3 sheets a day

Continue daily for 1–2 weeks for comfortable, hydrated skin.

Maintenance

Regular use

Between sessions, helps keep skin in its best condition after injection and light-based treatments.

CERESFILL®

Full ingredients and safe use

Full ingredients

Water, Butylene Glycol, Niacinamide, Dipropylene Glycol, Hydroxyacetophenone, Xanthan Gum, Glyceryl Glucoside, Arginine, Carbomer, 1,2-Hexanediol, Allantoin, Panthenol, Betaine, Pentylene Glycol, Sodium Hyaluronate, Adenosine, Caprylyl Glycol, Madecassoside, Glycyrrhiza Glabra (Licorice) Root Extract, Glycerin, Centella Asiatica Extract, Decyl Glucoside, Glucose, Camellia Sinensis Leaf Extract, Polygonum Cuspidatum Root Extract, Ceramide NP, Scutellaria Baicalensis Root Extract, Chamomilla Recutita (Matricaria) Flower Extract, Asiaticoside, Rosmarinus Officinalis (Rosemary) Leaf Extract, Madecassic Acid, Asiatic Acid, Sodium Hyaluronate Crosspolymer, Hydrolyzed Hyaluronic Acid, Sodium DNA, Hyaluronic Acid, Hydroxypropyltrimonium Hyaluronate, Sodium Acetylated Hyaluronate, Hydrolyzed Sodium Hyaluronate, Potassium Hyaluronate, Acetyl Hexapeptide-8, Palmitoyl Pentapeptide-4, Oligopeptide-32

Precautions

- Stop use and consult a specialist if redness, swelling or itching appears during or after use, or after sun exposure.
- Do not use on open wounds. Follow your clinic's aftercare instructions after a treatment.
- Avoid the eye area. Use right after opening; do not reuse a sheet.
- Keep out of reach of children. Store away from direct sunlight.

Non-irritant · irritation index 0.00
24 h patch test · 30 subjects · KDRI-2026-0277
